WHAT IS A CUSTOM MOBILE SALON BUS?

We have access to a collection of different types of Shuttle Buses that we “Gut-Out” and convert into Mobile Barber Shops and Beauty Salons. The Shuttle Buses are large inside giving you more room and space to put in all the comforts of a fully operational Shop or Salon. Yet, they are still small enough to Park almost Anywhere! When you select the Size and Type of Mobile Salon Business that you want, we will go into designing and customizing the bus with your input to turn it into a Custom Mobile Salon Bus.

- These vehicles are loaded with all the features you will need to run and operate a complete Mobile business.
- These vehicles will be designed by you Inside and Out. You will pick everything that goes into your Custom Mobile Salon Bus from the tile on the floor to the station, chairs, shampoo bowls, etc.
- These vehicles will also have a Graphic Designed Vehicle Wrap that you will decide what you want our Art team to put on the outside design portions of your bus.
- Finally, you will not have to do all this alone. We have an Expert team of Craftsman, Artist, and Designers to assist you in every phase of the Setup, Designing, and Conversion of your Custom Mobile Salon Business.

WHY DO I NEED THIS BUSINESS?

We have found that more and more people are reluctant to get out and waste Time and Money going to the places that they need products and services from. People are looking for that CONVENIENCE above all things. FAST FOOD RESTAURANTS, CELL PHONES, SHOP AT HOME TV CHANNELS, and let's not forget THE INTERNET where everything is at your Fingertips!

The objective of the Stores, Restaurants and businesses in general is to pop up as many locations, as close to the population as possible. This means make sure people don't have to travel too far to buy from you, otherwise you might not get that business. “Build it, and they will Come!”

Well, we have just taken that philosophy and made it work for us! Custom Mobile Salon Buses! Now you can “GO TO THE CUSTOMER!” Just like the New Advent and introduction of the FOOD TRUCKS that are now taking over the “Feed them Food Faster” Revolution. No more waiting on the money to walk through the doors. You are able to crank up your Business and Drive to wherever the Customers and the Money happen to be!

HOW DOES IT WORK?

Once you have paid for and secured your Mobile Salon, you are now in business for yourself. When it's "Slow" at the regular brick and mortar salon and no customers are coming in...

You can now simply Crank up your "CUSTOM MOBILE SALON BUSINESS" and GO-GET-THAT-MONEY!!!

Imagine not being dependent on, or tied down to the "Shop" and regular walk-in traffic. With this Mobile Business, you can be FREE to go directly where the customers and the Money are.

Now your are able to go to:

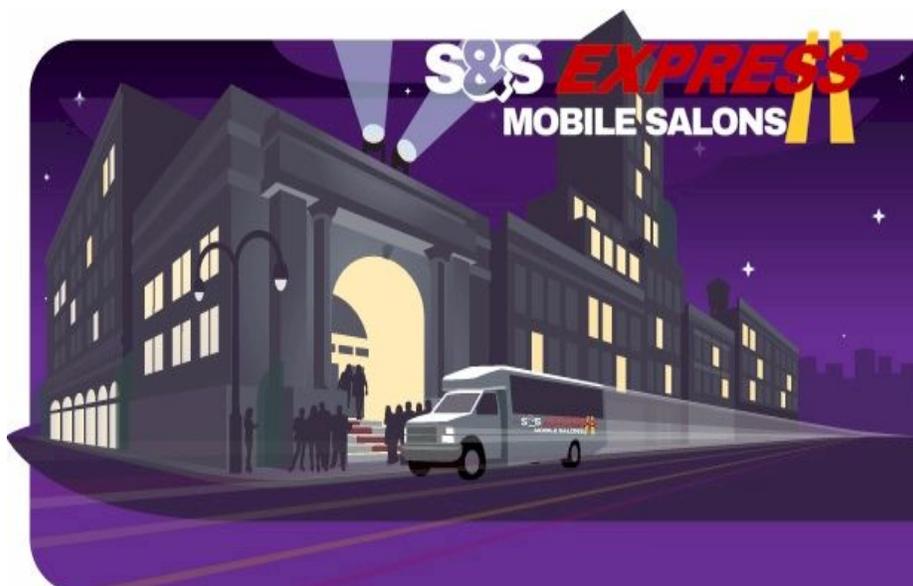

| | | |
|-------------------------------|-------------------------|--|
| SCHOOLS & COLLEGES | PARKS | HOSPITALS |
| HOMES & HOTELS | CLUBS & BARS | RESTAURANTS |
| APARTMENT COMPLEXES | PARTIES | CHURCHES |
| CONCERTS | OFFICE BUILDINGS | SHOPPING CENTERS |
| EVENTS | SHOWS | <i>THE LIST GOES ON AND ON...</i> |

Anywhere there are large groups of people and potential customers, You Can Be There...

WHERE CAN I DO HAIR AT NOW???

When you buy into a Mobile Salon business you will now have the freedom to work wherever you want to work and make any amount of money you want to make. It is a wonderful thing to not have to depend on customers and clientele to come to you but instead you will now be able to go to them. Now your income is not limited by your location. You can make how much money you want to make when you want to make it.

HOW DO I DESIGN MY BUS?

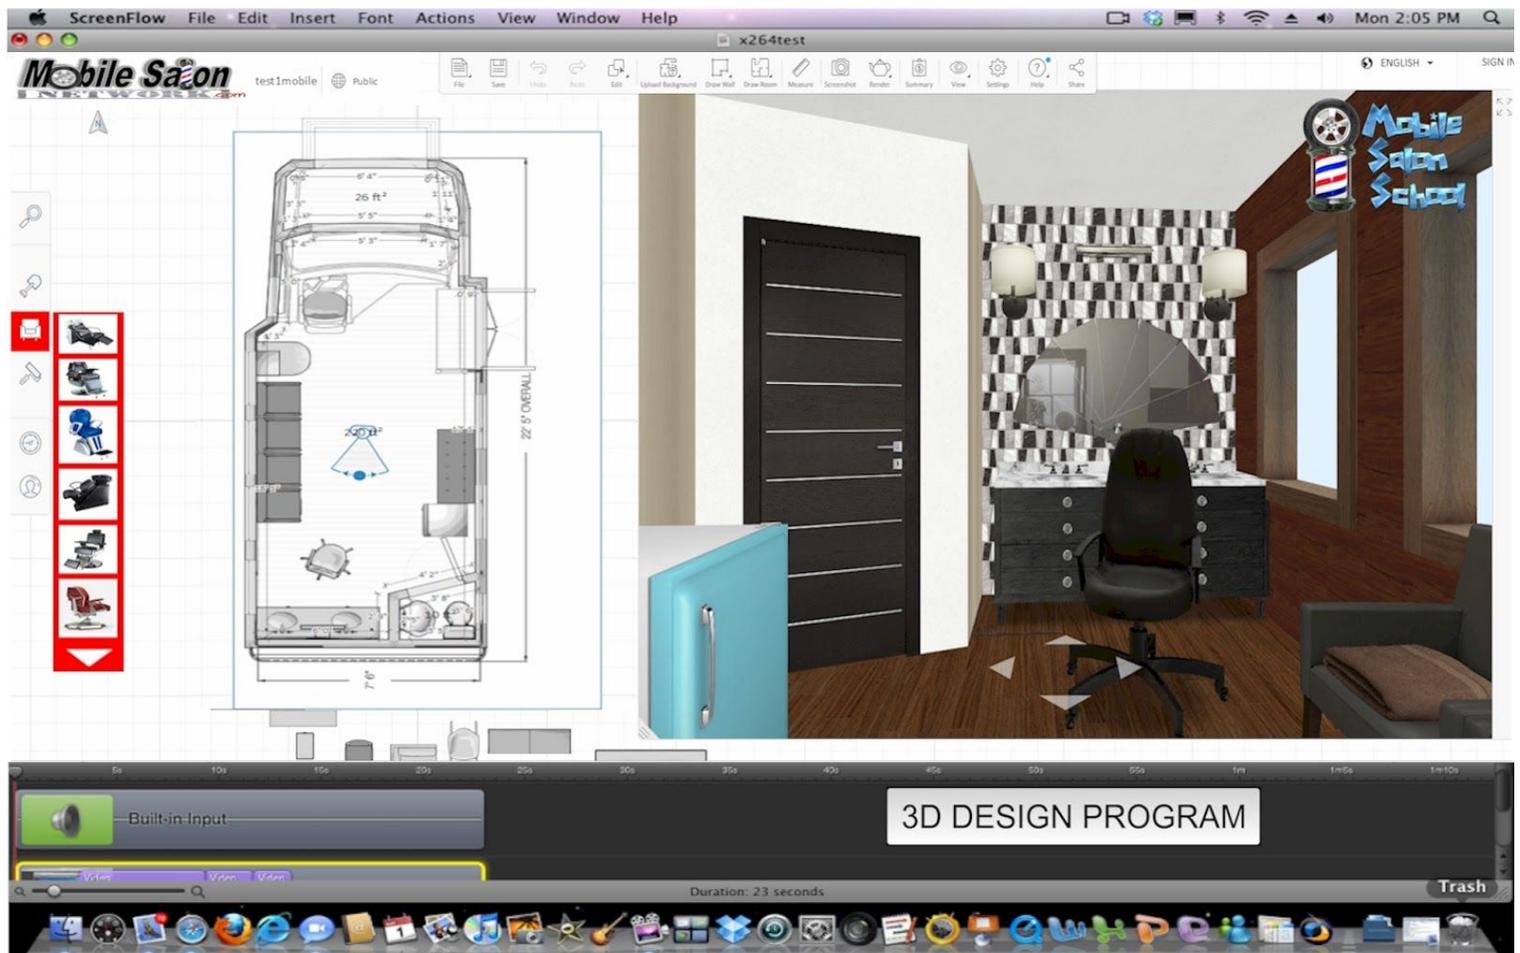

You will now be able to go to the internet to our Online 3D Shuttle Bus Graphic Designer! You and our Team of Architects and Graphic Designers will work together to create and design the perfect Look & Layout for your Custom Mobile Salon Bus!

You get to choose the Bus Model and Size you want for your Mobile Salon Bus Business, whatever works with your budget: (FORD, CHEVY, GMC, 14-15 Passenger and Up).

You get to choose the Color Scheme and Theme of your Custom Mobile Salon (additional fees may apply): (Elegant Modern, Hi Tech, Old Western, Fantasy Paradise, and Much More).

You get to choose the Decor and Additions to your Custom Mobile Salon: (Floor Tiles, Flat Screen TVs, Workstations, Styling Chairs, Shampoo Bowls, Hair Dryers, Lounge Area, Lighting and much more).

HOW MUCH MONEY CAN I MAKE AS A BARBER/STYLIST OPERATOR?

In this Mobile Business your potential is unlimited! BUT... Here is a quick break down on the type of numbers you can expect if you work the schedules listed below...

Keep in mind that these charts and graphs are based on the Flat scale and is able to be scaled according to how much work you put in and how often.

(Also, there is NO PERCENTAGE taken out of any of the Income Projections below. So if you are paying in full, 100% of your income is yours.)

HOW MUCH MONEY CAN I MAKE AS AN INVESTOR?

The formula used for determining Investor Net Profit Projections is as follows:

100% Sales - 60% Operator Commission - 20% Expenses = 20% Investor Net Profit

A 60% Commission for the Operator is assumed, but you may choose to pay Hourly Wages.

*(As an Investor, please take into account that the **Projections below are assuming you purchase a 2 Station Mobile Salon** so you can secure a healthy profit when calculating your potential earnings. It also assumes you or your Operator will handle the daily management of the business. If you choose to enroll in our Franchise Program, Mobile Salon Network fully manages the business for you. The 20% Expenses already covers the business' daily expenses and our Franchise Mgmt Fee. *****Under the Franchise, Investors also receive Advertising Income.**)*
